

IN THE MATTER OF : *APPLICATION NO. 200700548*

*ALISON PASTORFIELD ASSOCIATES, INC.*¹ : *NOVEMBER 21, 2013*

FINAL DECISION

The Proposed Final Decision in this matter was released on November 4, 2013. That decision found that the substantial evidence in the administrative record demonstrates that the proposed regulated activity, as detailed in the application and conditioned by the draft permit, would comply with the applicable statutes and regulations. General Statutes §22a-430 and Regs., Conn. State Agencies §§22a-430-3, 22a-430-4. Accordingly, that decision recommended that the permit to construct and operate an onsite subsurface wastewater treatment and renovation system be finalized and issued to the applicant Alison Pastorfield Associates, Inc.² following verification that the system has been constructed in conformance with the approved construction plans and specifications. Regs., Conn. State Agencies §22a-430-4(k).

The parties have not filed any exceptions to that decision. General Statutes §4-179(a) and Regs., Conn. State Agencies §22a-3a-6(y)(3)(A). The Commissioner has delegated final decision-making authority to the agency's Office of Adjudications and its hearing officers in limited circumstances. Included in this delegation is the authority to issue final decisions in "matters where the hearing officer has issued a proposed final decision and no exceptions ... have been timely filed." Delegation of Authority, July 12, 2011, § VIII, F. 4. c. vi.

The Proposed Final Decision is therefore affirmed and adopted as the Final Decision of the Department of Energy and Environmental Protection.
