I. GENERAL INFORMATION

A. INTRODUCTION

1. **RFA Name.** Money Follows the Person Program/Community First Choice – Home Accessibility Modification Project, (MFP_CFC_HAM_RFA)
2. **Summary.** The purpose of this RFA is to establish a statewide pool of qualified home improvement contractors who will be able, on an on-call basis, to complete home accessibility modifications in a timely and cost effective manner. Modifications will be completed on the homes or apartments of individuals who are returning to the community from institutional settings under the Money Follows the Person Program, as well as individuals living in the community, who qualify for Community First Choice. Selected applicants will be required to enroll with Allied Community Resources and Advanced Behavioral Health, agencies contracted by the Department to handle billing and payments under the Money Follows the Person demonstration and Community First Choice. Materials required for submission in this RFA will facilitate this process.
3. **Synopsis.** Home modifications are frequently needed for someone moving home from an institutional setting such as a nursing home or rehab center as well as for elders and persons with disabilities to be able to remain in the community. Examples of required work are the widening of doorways, enlarging bathrooms, installing ramps and walkways and installing platform lifts, grab bars, roll-in showers and stair glides. Such work must be completed in a timely manner in order for the person to move home as provided by the MFP Program or for the individual to remain in their home and avoid unnecessary institutionalization. Contractors in the on-call pool are contacted by MFP transition coordinators or specialized care managers who provide direction and supervision in preparing a scope of work, overseeing the work and facilitating the person's move home. Under Community First Choice, the individual themselves will choose a contractor from the on-call pool and contact the contractor directly.
4. **Competitive Pricing.** When a modification is needed for an individual's home, the MFP Transition Coordinator or the CFC consumer will contact the next available contractor to submit a quote/bid for the work. Contractors are expected to complete work at competitive pricing prices and in a cost effective manner. A contractor will be required to submit a quote to the MFP transition coordinator or specialized care managers, or in the case of Community First Choice, by the individual themselves based on the direction and scope of work provided by them. Such quotes will be reviewed by the transition coordinator and/or other Department officials for reasonableness before issuing an authorization to proceed. Applications shall include breakdowns for labor and materials. Hourly rates for tradespersons shall not exceed 10% of the rates issued from time to time by the State Department of Labor. Current rates are:
 - Carpenter - \$23.14
 - Construction Laborers - \$21.70
 - Electricians - \$27.03
 - Plumbers - \$27.59

Rates are posted and updated at:

<http://www1.ctdol.state.ct.us/lmi/wages/statewide2013.asp#construction>

The review of quotes shall include an assessment of the appropriateness of selected materials based on quality and durability. Contractors are expected to use materials of average to above average quality and to provide supporting documentation for pricing.

5. **Commodity Codes.** The services that CIL wishes to procure through this RFA are as follows:

0074: Home Modifications

2000: Community and Social Services

6. **Application Due Date and Time.** The Official Contact is the **only authorized recipient** of applications submitted in response to this RFA. Applications will be received on a rolling schedule. The **end date for the current application submission is March 18, 2016 2:00 p.m. Eastern Time.** Applications will be reviewed upon receipt.

Faxed applications will not be reviewed. Electronic applications, via e-mail with **MFP_CFC_HAM RFA** in the subject line, mailed and hand-delivered applications are permitted. A postmark date shall not be accepted as the basis for meeting the application end date and time. Applicants should not interpret or otherwise construe receipt of an application after the end date and time as acceptance of the application, since the actual receipt of the application is a clerical function. CIL suggests that the applicant use certified or registered mail, or a delivery service such as United Parcel Service (UPS) to deliver the application. When hand-delivering applications, applicants should allow extra time to comply with building security and delivery procedures. Hand-deliveries shall be delivered to the CIL located at 157 Charter Oak Avenue, 3rd Floor, Hartford, CT 06106

II. PROGRAM INFORMATION

A. DEPARTMENT OF SOCIAL SERVICES OVERVIEW

The Department of Social Services (DSS) administers and delivers a wide variety of services to children, families, adults, people with disabilities and elders, including health care coverage, child support, long-term care and supports, energy assistance, food and nutrition aid, and program grants. DSS administers myriad state and federal programs and approximately one-third of the state budget, currently serving more than 950,000 individuals in 600,000 households (October 2014 data).

By statute, DSS is the state agency responsible for administering a number of programs under federal legislation, including the Food Stamp Act, the Older Americans Act, and the Social Security Act.

The department is headed by the Commissioner of Social Services, [Roderick L. Bremby](#). The agency delivers most of its programs through 12 field offices (including three benefits centers available by phone) located throughout the state, with central administrative offices located in Hartford. In addition, many services funded by the agency are available through community-based agencies and partner contractors.

Department Mission

Guided by shared belief in human potential, we aim to increase the security and well-being of Connecticut individuals, families, and communities.

Department Vision

To become a world-class service organization.

B.

1. MONEY FOLLOWS THE PERSON OVERVIEW

The Money Follows the Person (MFP) Rebalancing Demonstration, authorized by section 6071 of the Deficit Reduction Act of 2005 (P.L. 109-171), was designed to assist States to balance their long-term care systems and help Medicaid enrollees transition from institutions to the community.

The MFP Demonstration supports State efforts to rebalance their long-term support system so that individuals have a choice of where they live and receive services.

The MFP Rebalancing Demonstration was awarded to the State of Connecticut, Department of Social Services (DSS). DSS is the Medicaid single State agency and the largest Department in the State of Connecticut. Within DSS, the MFP Rebalancing Demonstration is part of the Division of Health Services. The Commissioner of DSS directly oversees the Division of Health Services, as well as the Bureau of Aging, Community and Social Work

Services, the Bureau of Rehabilitation, the Division of Family Assistance and the State Housing Authority. The Director of Division of Health Services reports directly to the Commissioner and directly supervises the Project Director of the demonstration.

Under MFP, DSS contracts with Area Agencies on Aging, Centers for Independent Living and Access Agencies to provide transition services, to individuals applying to and accepted by MFP, to transition from institutional care settings to community residences, including the individuals own home, an apartment or small group setting of four or fewer unrelated individuals. Transition Coordinators coordinate all facets of the transition, including securing housing, rental assistance and coordination of home modifications when needed.

2. Community First Choice

Community First Choice (CFC) is a Medicaid state plan option that offers services and supports to Medicaid participants who are at institutional level of care so that they can live in the community rather than in an institution. Modeled after the successful Cash and Counseling Demonstration¹, CFC includes services such as personal care assistance as well as services that increase independence such as health coaches.

Administered by the Money Follows the Person Unit of the Department of Social Services' Division of Health Services, CFC is a self-directed alternative to traditionally delivered and managed services, such as an agency delivery model. It allows participants to have the responsibility for managing all aspects of service delivery in a person-centered planning process.

C. HOME MODIFICATIONS PROJECT OVERVIEW

Home modifications are frequently needed for someone moving home from an institutional setting such as a nursing facility or rehabilitation center and for elders and persons with disabilities to remain in the community. Examples of required work include but are not limited to: widening doorways; enlarging bathrooms and installing ramps, walkways, platform lifts, grab bars, roll-in showers and stair glides. Such work must be completed in a timely manner in order for the person to move home as provided by the MFP_CFC_HAM_Program, or in the case of Community First Choice to remain in the community and avoid unnecessary institutionalization. Selected applicants in the on-call pool will be contacted by Advanced Behavioral Health and Allied Community Health transition coordinators who provide direction and supervision in preparing a scope of work, oversee the work, and facilitate the person's move home.
