

Online Resources for CYSHCN and TAY

The following resources provide both national and state-specific tools that can be easily adapted for use within your practice. Many resources offer downloadable member brochures that can be printed for distribution.

CYSHCN:

<https://medicalhomeinfo.aap.org/tools-resources/Pages/For-Practices.aspx> - National Center for Medical Home Implementation - resources for practices working with CYSHCN.

<http://cshcn.org/> - Washington state created CYSHCN-specific resources. While some are specific to Washington state, most can be used by or adapted for CT CYSHCN.

<http://www.familyvoicesofwisconsin.com/care-coordination/> - Family Voices of Wisconsin developed a set of trainings/handouts for providers to distribute to families.

TAY:

<http://cshcn.org/adolescent-transition/> - A website specifically designed for TAY.

<http://youth.gov/youth-topics/transition-age-youth> - US government website

http://www.csh.org/wp-content/uploads/2014/02/TAY_TriageTool_2014.pdf - A tool for TAY who may be experiencing homelessness. A 6-question survey for providers to help determine risk of homelessness in youth populations.

http://www.nrepp.samhsa.gov/Docs/Literatures/NREPP%20Learning%20Center%20Literature%20%20Review_Transition-age%20Youth.pdf – SAMHSA literature review on TAY

<http://here.doh.wa.gov/materials/healthy-transition-plan> - Washington State created TAY-specific resources. Download the PDFs for handouts for TAY.
