SPA 19-D: Independent Radiology and Independent Laboratory – HIPAA Billing Code and Reimbursement Update

The State of Connecticut Department of Social Services (DSS) proposes to submit the following Medicaid State Plan Amendment (SPA) to the Centers for Medicare & Medicaid Services (CMS) within the U.S. Department of Health and Human Services (HHS).

Changes to Medicaid State Plan

Effective on or after January 1, 2019, SPA 19-D will amend Attachment 4.19-B of the Medicaid State Plan to incorporate the 2019 Healthcare Common Procedure Coding System (HCPCS) changes (additions, deletions and description changes) to the Independent Radiology and Independent Laboratory fee schedules to remain compliant with the Health Insurance Portability and Accountability Act (HIPAA), as described below. Codes that are being added are being priced using a comparable methodology to other codes in the same or similar category.

Independent Radiology

This SPA does not make any additional changes to reimbursement for independent radiology services other than the HIPAA compliance update described above.

Independent Laboratory

In addition to the HIPAA update described above, this SPA makes the following additional changes to reimbursement for independent laboratory services, effective January 1, 2019. There will be 49 new molecular pathology codes and 2 Chemistry codes added to the 2019 Independent Laboratory fee schedule. Also, the following codes will be removed from the current 2018 Independent Laboratory fee schedule:

Fiscal Impact

Based on the information that is available at this time, DSS does not anticipate that the independent radiology portion of this SPA will substantially affect annual aggregate expenditures. DSS estimates that the portion of this SPA regarding independent laboratory services will not substantially affect annual aggregate expenditures for State Fiscal Year (SFY) 2018 and SFY 2019.
