The Connecticut Veterans Home, founded in 1864, was the first home for Veterans in the country. ## RESIDENTIAL FACILITY

The Residential Program provides Veterans with a continuum of rehabilitation services & programs designed to return them to independent living.

Residential Staff assists each Veteran in developing an individualized rehabilitative plan outlining his or her goals and objectives and removing barriers to achieving them.

Following a four month billing grace period, each Veteran admitted to the Residential Facility will be billed at a rate determined by the Department of Veterans Affairs.
