MONTHLY DATA QUALITY MONITORING NEWSLETTER

December – LOS outliers

January – PA updates

Feb. – LOS Outliers

March – Admission, Discharges and Services

DMHAS EQMI has been focusing its data quality efforts on length of stay outliers and periodic assessment updates. These data management strategies are designed to ensure that the quality reports are returning the best performance data for providers and for statewide averages. It is very important that providers pay close attention to these data quality issues and make corrections and or updates when necessary. All DMHAS Data Quality Newsletters are now posted on the EQMI web page at the following link:

DSM 5/GAF – ICD 10: Any provider wishing to convert to the DSM 5 should contact Mark for extract testing purposes. The GAF reporting requirement will continue under the DSM 5 reporting processes. ICD 10 reporting is scheduled to be implemented in October 2015.

CONSUMER SATISFACTION SURVEY UPDATE: Any questions regarding FY15 CSS, please contact Karin Haberlin at (860) 418-6842.

CRITICAL INCIDENT Reporting – DMHAS plans to add a new question at the bottom of the C.I. reporting forms regarding domestic violence. Once that language is agreed upon we'll be sure to pass it along. See attached the Provider Alert that EQMI plans to distribute soon.

BHH Insurance start and end date (extracts rules) – Some providers have contact Mark to better understand the extract rules regarding the newly implemented Behavioral Health Home Insurance (BHH) field. If you continue to have questions, please do not hesitate to contact Mark at mark.mcandrew@ct.gov or by calling him at (860) 418 – 6843.
