

**FORM AU-330I**  
**INSTRUCTIONS FOR THE CONTROLLING INTEREST TRANSFER TAXES**

**GENERAL INFORMATION**

**What is Taxable**

Conn. Gen. Stat. §12-638b imposes a tax on the transfer of a controlling interest in a corporation, partnership, association, trust, or other entity, where the entity owns an interest in Connecticut real property with a value not less than \$2,000. Conn. Gen. Stat. §12-638l imposes an additional tax on the transfer of a controlling interest in an entity, where the entity owns an interest in Connecticut real property that has been classified as farm land according to Conn. Gen. Stat. §12-107c; forest land according to Conn. Gen. Stat. §12-107d; or open space land according to Conn. Gen. Stat. §12-107e.

**Who Must File a Return**

The person subject to the tax or taxes is the person (or group of persons acting in concert) transferring a controlling interest in an entity. Where a group of persons acting in concert transfers a controlling interest, the transferors will be jointly and severally liable for the tax or taxes.

**What is a Controlling Interest**

A controlling interest in an entity that is a corporation is more than 50% (.50) of the total combined voting power of all classes of stock in the corporation, and, in an entity that is a partnership, association, trust or other entity, is more than 50% (.50) of the capital, profits or beneficial interest in such entity. A transfer of a controlling interest in an entity may be made all at once or it may be made in a series of transfers. Where transfers occur that, had they all occurred at one time, would have constituted a transfer of a controlling interest, they will be treated as a controlling interest transfer.

**What are the Rates of Tax**

The rate of the controlling interest transfer tax is 1.11% (.0111). The rate of the additional controlling interest transfer tax ranges from 1% (.01) to 10% (.10), depending, in the case of farm land, or forest land, on the length of time that an interest has been owned, or, in the case of open space land, on the length of time that an interest has been classified as such, prior to the transfer of a controlling interest in the entity that owns the real property.

**What is the Measure of the Taxes**

The measure of the taxes is the present true and actual value of the interest in Connecticut real property. The present true and actual value is the fair market value, as of the time of transfer of a controlling interest, unreduced by the amount of any mortgage, lien, or other encumbrance.

**When to File**

The tax return is due on or before the last day of the month following the month in which the transfer of a controlling interest occurs. Where a transfer of a controlling interest is made in a series of transfers, the tax return is due on or before the last day of the month following the month in which the interest transferred, in the aggregate, is more than 50% (.50).

**Interest and Penalties for Late Payment**

Interest for late payment is 1% (.01) per month or fraction of a month, from the due date. Penalty for late payment is 10% (.10) of the tax due or \$50, whichever is greater. Separate penalties must be computed for the controlling interest transfer tax and the additional controlling interest transfer tax, if applicable.

**Remittance**

Make check payable to COMMISSIONER OF REVENUE SERVICES. Mail check to Department of Revenue Services, PO Box 5031, Hartford CT 06102-5031.

**Exemptions**
