------------------	-------------------------------------

Complete this form in blue or black ink only.

Use **Form CT-1120GC** to claim the credit available under Conn. Gen. Stat. §12-217l based on the incremental increase in the amount a corporation spends in Connecticut for any grant or combination of grants to any institution of higher education in Connecticut. Attach it to **Form CT-1120K**, *Business Tax Credit Summary*.

### Credit Computation

The credit equals 25% of the amount by which qualifying grants made in the current income year exceed the average qualifying grants made during the three preceding income years.

If this credit is claimed, the taxpayer will reduce the amount of research and development expenses that otherwise may be taken into account in computing the allowable credit under Conn. Gen. Stat. §12-217n.

### Required Attachment

This form must be accompanied by a detailed schedule that identifies the name and location of the institution of higher education, the date and amount of funds expended for the research and development grant, and a description of the grant.
