For purposes of the Connecticut corporation business tax, the special deduction permitted under IRC §168(k) is not allowed and depreciation must be calculated without regard to IRC §168(k). *Schedule J* is used to account for the subtraction modification that must be made to federal net income (loss). See **Special Notice 2002(10)**, *Bonus Depreciation for Connecticut Corporation Business Tax Purposes* and **Announcement 2008(7)**, *Stimulus Depreciation and Special Instructions for*

*Stimulus Depreciation Claimed by Non-Calendar Year Filers of the 2007 Connecticut Corporation Business Tax Return*.

Enter in Column A the amount of Modified Accelerated Cost Recovery System (MACRS) depreciation claimed by the corporation on its federal Form 4562 with respect to those qualifying assets.

Enter in Column B the amount of MACRS depreciation allowed on those same assets for Connecticut corporation business tax purposes for the income year. Connecticut depreciation is determined under the Internal Revenue Code of 1986 without regard to IRC §168(k).

Enter in Column C the difference between the amount claimed in Column B and the amount claimed in Column A.

**Line 13** - Add Lines 1 through 12 in Column C. Enter the total here and on **Form CT-1120**, *Schedule D*, Line 14.
