Utilize Temporary Mobile Magnetic Resonance Imaging ("MRI") Scanner during the
Replacement of an Existing MRI Scanner at the Practice

Dear Mr. Utter:

On December 20, 2010, the Office of Health Care Access ("OHCA") received your Certificate of Need ("CON") Determination request on behalf of Diagnostic Radiology Associates ("Practice") to utilize a temporary mobile MRI scanner while the Practice replaces its existing MRI scanner located at its office at 1579 Straits Turnpike, Middlebury, Connecticut. Based on the information provided to OHCA, this proposal does not require CON approval as the Practice will only be utilizing the mobile scanner until the replacement MRI scanner becomes operational. Pursuant to § 19a-638 (a) (18), please notify OHCA of the date on which the replacement fixed MRI scanner is operational and the disposition of the scanner that was replaced.

Thank you for informing OHCA of your plans and if you have any questions regarding this letter, please contact Steven W. Lazarus, Associate Health Care Analyst, at (860) 418-7012.

Sincerely,
