Subject: Determination Request

Dear Kim:

Happy New Year!

Attached is a CON determination request that will be filed today on behalf of the owners of the Whitney Imaging Center, which intend to do an internal reorganization that changes the allocation of responsibilities among the existing owners. An original of the determination request will be hand-delivered to your office, to the attention of Commissioner Mullen.

I've attached two (2) pdf files for your convenience: one is black and white and the other is in color in order to better show the organizational charts at the end.

Thank you for your assistance in this matter.

Sincerely,

Rebecca Matthews

SECTION II. GENERAL PROPOSAL INFORMATION

a. Proposal/Project Title:

Change in Allocation of Responsibilities Among Existing Owners of Whitney Imaging Center

b. Estimated Total Project Cost:

There are no capital costs in connection with this project.

c. Location of proposal, identifying Street Address, Town and Zip Code:

Whitney Imaging Center provides MRI, CT, nuclear imaging, ultrasound and general radiography (x-ray) services at 2200 Whitney Avenue, Suite 120, Hamden, Connecticut 06518. General radiography (x-ray) services are also available at 2543 Dixwell Avenue, Suite 100 Hamden, Connecticut 06518.

- d. List each town this project is intended to serve:

The following towns are served by Whitney Imaging Center: Hamden, North Haven, North Branford, Cheshire, Wallingford, New Haven, East Haven and West Haven.

- e. Estimated starting date for the project:

March 1, 2015

SECTION IV. PROPOSAL DESCRIPTION

Please provide a description of the proposed project, highlighting each of its important aspects, on at least one, but not more than two separate 8.5" X 11" sheets of paper. At a minimum each of the following elements need to be addressed, if applicable:

1. If applicable, identify the types of services currently provided and provide a copy of each Department of Public Health license held by the Petitioner.
2. Identify the types of services that are being proposed and what DPH licensure categories will be sought, if applicable.
3. Identify the current population served and the target population to be served.

Please see description attached.

SECTION V. AFFIDAVIT

(Each Petitioner must submit a completed Affidavit.)

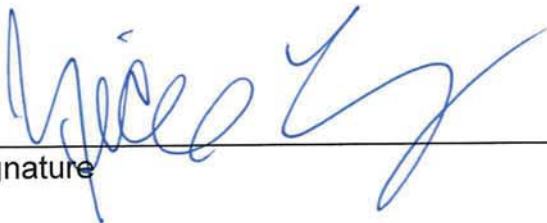

Petitioner: Southern Connecticut Imaging Centers, LLC

Project Title: Change in Allocation of Responsibilities Among Existing Owners
of Whitney Imaging Center

I, Rick Long, President and Chief Operating Officer
(Name) (Position – CEO or CFO)

of Insight Health Corp., Member of Southern Connecticut Imaging Centers, LLC
(Organization Name)

being duly sworn, depose and state that the information provided in this CON Determination form is true and accurate to the best of my knowledge.

Notary Public/Commissioner of Superior Court

My commission expires: 7/31/2018

SECTION IV: PROPOSAL DESCRIPTION

Background and Types of Services Provided by Petitioners: Southern Connecticut Imaging Centers, LLC (“SCIC”) operates a multi-modality imaging center in Hamden known as the Whitney Imaging Center (the “Center”).¹ Services provided include MRI, CT, nuclear imaging, ultrasound and radiography (x-ray). As a free-standing imaging center, the Center is not required to be licensed by the State of Connecticut, Department of Public Health.

SCIC is a joint venture between Insight Health Corp. (“Insight”) and Whitney Imaging Center, LLC (the “Physician LLC”), each with a fifty percent (50%) ownership interest. The Physician LLC is owned by four (4) radiologists, who also constitute the sole shareholders of New Haven Radiology Associates, P.C. (“NHRA”). Professional radiology services at the Center are provided NHRA. Operational management of the Center is provided by Insight.

The Center’s two (2) MRIs (one fixed and one mobile) and CT scanner were approved by OHCA pursuant to the following Docket Numbers:

Fixed 1.5T Open MRI	Docket Number 99-520 and Docket Number 09-31429-WVR
Mobile 1.5T Open MRI	Docket Number 01-561
16-Slice CT Scanner	Docket Number 96-1000 and Docket Number 03-30002-WVR

Summary of Proposal: NHRA provides professional radiology services at various locations in Connecticut, including the Center. NHRA radiologists are board certified to provide a broad range of radiology services, including certain specialty radiology services such as pain management radiology services and ultra-sound guided biopsy procedures.

Although NHRA radiologists own fifty percent (50%) of SCIC (through their ownership of the Physician LLC), SCIC has historically billed for services at the Center as an “independent diagnostic testing facility” or “IDTF” rather than as part of NHRA’s radiology practice. As payor rules have evolved, however, certain specialty radiology services may only be billed by a radiology practice. Accordingly, in light of the broad range of services provided by NHRA, the parties propose to have NHRA bill for the services provided at the Center. This change in billing will be more reflective of the current levels of oversight provided by NHRA, as well as both the diagnostic and procedural services that historically have been provided by NHRA at its other locations.

This change would permit NHRA to provide a full array of services at the Center, including pain management radiology services and ultra-sound guided biopsy procedures, consistent with services that NHRA has provided at other locations and that

¹ An additional site, known as Whitney Imaging Center West is located at 2543 Dixwell Avenue, Suite 100, in Hamden. Services at that location are limited to general radiography (x-ray).

radiologists typically provide throughout the State. Because IDTFs and radiology office-based services typically have similar charges, this will result in enhanced access for patients without significant added costs to patients or to payors.

In order to facilitate the change in billing, the current owners of the Center plan to reallocate responsibilities among themselves. Insight will still provide general management oversight, and NHRA will continue to provide all professional radiology services. Billing, however, will be performed by NHRA and services will be billed under NHRA's provider numbers and contracts, rather than those of SCIC.

Because of the overlap in ownership of the Physician LLC and NHRA, and the existing arrangements between the Center and NHRA, this change will not result in any effective transfer of ownership of imaging equipment. In fact, the imaging equipment will remain the property of the Center and financial terms will be adjusted among the parties to reflect the new billing arrangement. No new parties are involved in the arrangement and the change of billing responsibility will not result in any new party acquiring any interest in any imaging equipment for which a certificate of need ("CON") is required.

Charts depicting the current and proposed allocations of responsibilities are set forth in Exhibit A.

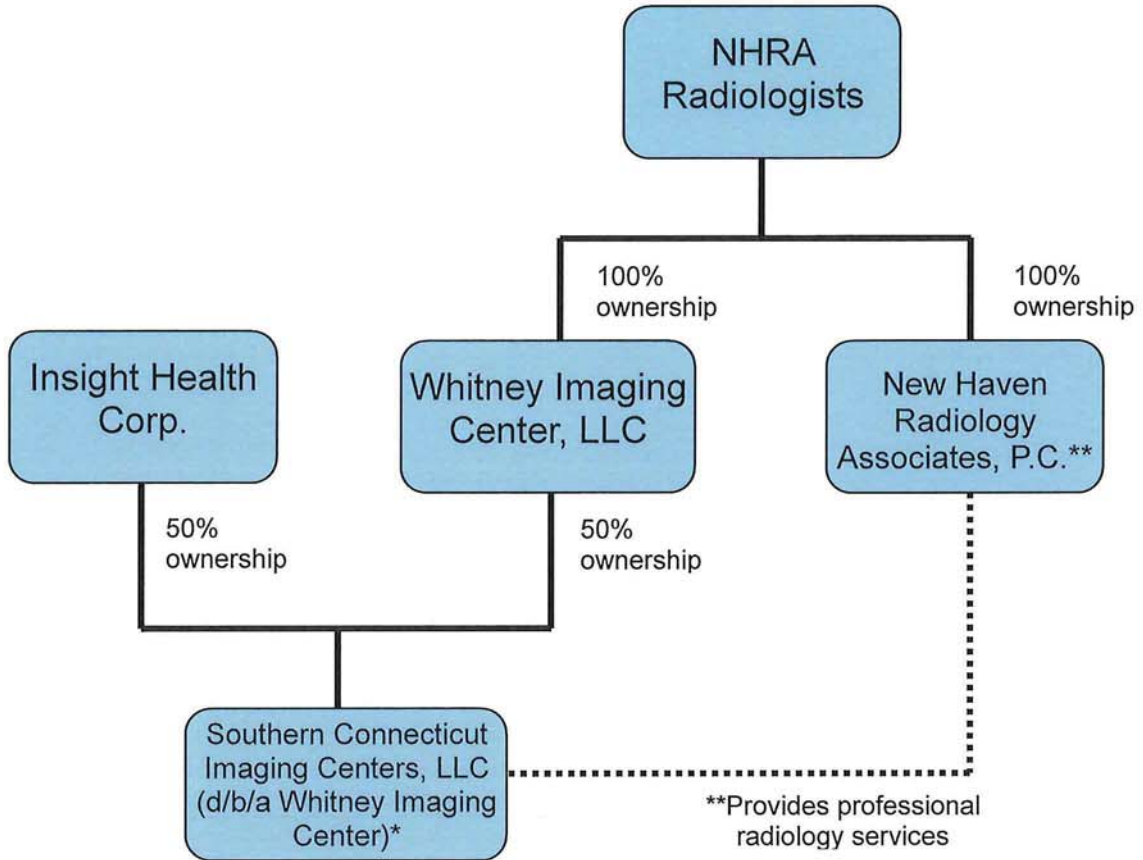

Population Served: The current population served includes patients from the towns of Hamden, North Haven, North Branford, Cheshire, Wallingford, New Haven, East Haven and West Haven. The target population and current payor mix are not expected to change as a result of the proposed internal reallocation of responsibilities.

Benefits/Conclusion: Services currently provided at the Center will continue in the same manner, but will be billed by NHRA. With NHRA billing, additional needed services can be provided at the Center that could not be provided otherwise due to the current inability to receive reimbursement for such services. There will be no change in the physical locations of services, facilities or equipment and no changes in the service areas, target populations to be served or current payor mix. Because charges for IDTFs and physician offices are comparable, there is not expected to be any material impact on payors; nor is there expected to be any adverse impact on patient access as co-pays are similarly comparable. No new equipment will be added in the service area, so the proposed change will have no impact on other providers. Accordingly, the Petitioners respectfully request confirmation that the internal reallocation of responsibilities can be consummated without a CON.

EXHIBIT A

Current and Proposed Allocation of Responsibilities

Current:

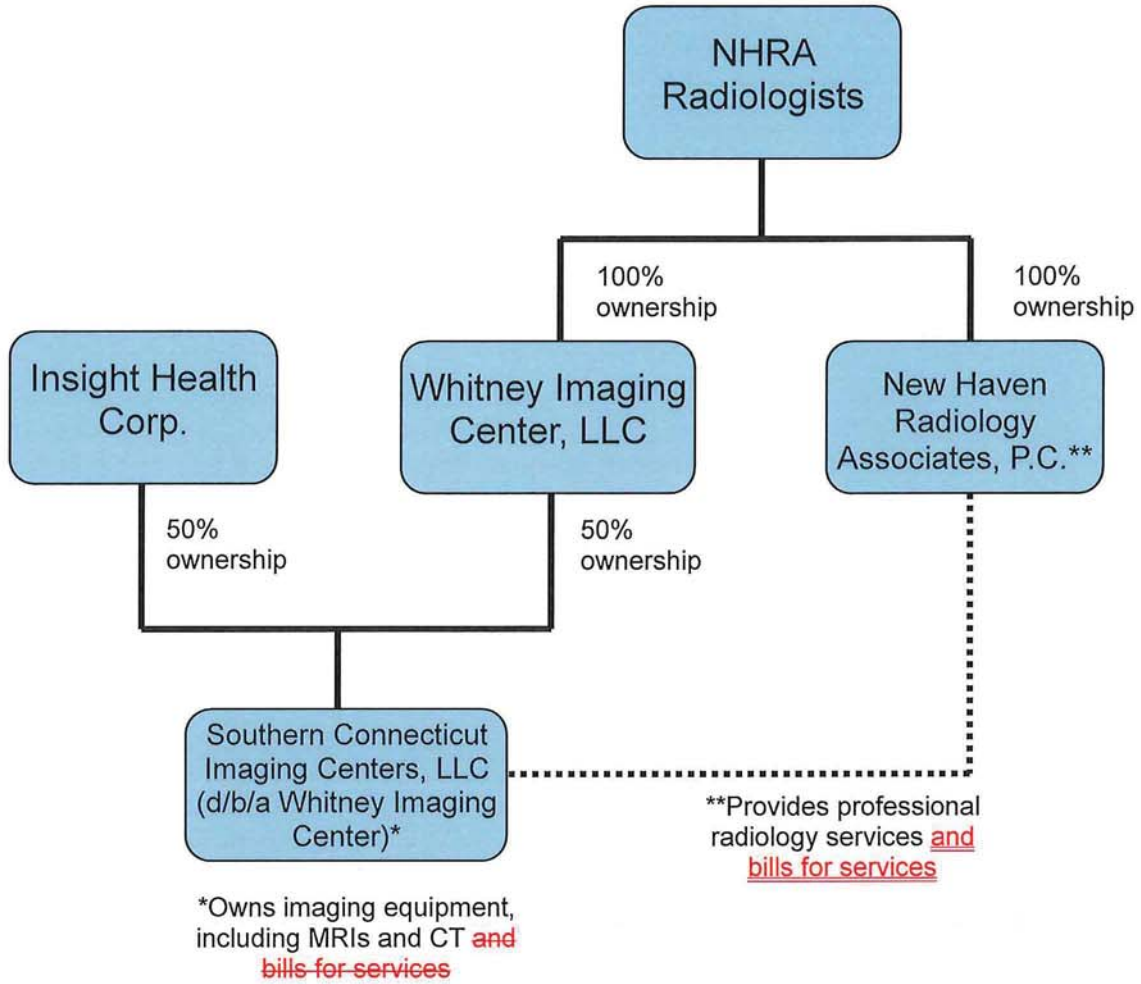

*Owns imaging equipment, including MRIs and CT and bills for services

**Provides professional radiology services

Proposed:

Changes from the current allocation of responsibilities are noted in **red** text, with deletions ~~stricken through~~ and additions underlined.

To: Hansted, Kevin
Subject: RE: 15-31970-DTR

Hi Kevin:

Happy New Year! I hope you got some well-deserved time off.

The names of the various entities are a bit confusing. The facility – which is owned by Southern Connecticut Imaging Centers, LLC - goes by the d/b/a name “Whitney Imaging Center.” Southern Connecticut Imaging Centers, LLC is a joint venture between Insight Health Corp. and Whitney Imaging Center, LLC. Because Whitney Imaging Center, LLC has a corporate name that is very similar to the d/b/a name of the Center, we refer to it as the “Physician LLC” in the determination request as it is the entity through which the radiologists hold their ownership interest in the Center.

I hope that this answers your question. If you have any further questions at all, or need further clarification, please do not hesitate to email or call.

Thank you, as always, for your assistance.

Subject: RE: 15-31970-DTR

Hi Kevin:

Happy New Year! I hope you got some well-deserved time off.

The names of the various entities are a bit confusing. The facility – which is owned by Southern Connecticut Imaging Centers, LLC - goes by the d/b/a name “Whitney Imaging Center.” Southern Connecticut Imaging Centers, LLC is a joint venture between Insight Health Corp. and Whitney Imaging Center, LLC. Because Whitney Imaging Center, LLC has a corporate name that is very similar to the d/b/a name of the Center, we refer to it as the “Physician LLC” in the determination request as it is the entity through which the radiologists hold their ownership interest in the Center.

I hope that this answers your question. If you have any further questions at all, or need further clarification, please do not hesitate to email or call.

Thank you, as always, for your assistance.

-Rebecca

Subject: 15-31970-DTR

Hi Rebecca,

I am in receipt of your determination request on behalf of Southern Connecticut Imaging Centers, LLC and New Haven Radiology Associates, P.C. In the first paragraph of the Proposal Description it mentions “Whitney Imaging Center (the “Center”) and in the second paragraph it mentions “Whitney Imaging Center, LLC (the “Physician LLC”)”. Are these the same entities? If so, is there a reason why you gave them different abbreviations?

Thank you,

Kevin T. Hansted

RE: Certificate of Need Determination Report Number 15-31972-DTR
Change in Billing Responsibilities

Dear Attorney Minette and Dr. Protopapas:

On January 13, 2015, the Office of Health Care Access ("OHCA") received your Certificate of Need ("CON") Determination request on behalf of Southern Connecticut Imaging Centers, LLC ("SCIC") and New Haven Radiology Associates, P.C. ("NHRA") with respect to a change in billing responsibilities.

SCIC operates Whitney Imaging Center (the "Center")¹, which is a multi-modality, free-standing, imaging center located in Hamden, Connecticut. Services provided include MRI, CT, nuclear imaging, ultrasound and radiography. SCIC is a joint venture between Insight Health Corp. ("Insight") and Whitney Imaging Center, LLC (the "Physician LLC"), each with a 50% ownership interest. The Center includes two (2) MRIs and one (1) CT scanner, owned by SCIC.

The Physician LLC is owned by four (4) radiologists, who are also the sole shareholders of NHRA. NHRA provides professional services at the Center while Insight provides managerial oversight. Historically, SCIC has billed for the professional services offered at the Center. SCIC and NHRA are now proposing that NHRA bill for the professional services provided at the Center. Managerial oversight will continue to be provided by Insight and NHRA will continue to provide professional services at the Center. The change in billing will not result in any transfer of ownership of the MRIs and CT scanner owned by SCIC. The MRIs and CT scanner will remain the property of SCIC.

Pursuant to Conn. Gen. Stat. § 19a-638(a)(9), a certificate of need is required for the "acquisition of computed tomography scanners, magnetic resonance imaging scanners...by any person, physician, provider..." The MRIs and CT scanner will remain the property of SCIC and

¹ The Center is a d/b/a of SCIC and a separate legal entity from the Physician LLC.

An Equal Opportunity Provider

(If you require aid/accommodation to participate fully and fairly, contact us either by phone, fax or email)

410 Capitol Ave., MS#13HCA, P.O.Box 340308, Hartford, CT 06134-0308

Telephone: (860) 418-7001 Fax: (860) 418-7053 Email: OHCA@ct.gov

no other person, physician or provider will acquire an interest in the MRIs or CT scanner.
Therefore, a **CON is not required** for the proposal.

Sincerely,

Kimberly R. Martone
