OFFICE OF POLICY AND MANAGEMENT

REPORT TO THE GENERAL ASSEMBLY

Purchase of Service Contracts

Robert L. Genuario
Secretary
Office of Policy and Management
450 Capitol Avenue
Hartford, Connecticut 06106

Submitted September 24, 2009

**STATE OF CONNECTICUT
OFFICE OF POLICY AND MANAGEMENT**

September 24, 2009

The Honorable Christopher G. Donovan
Speaker of the House
Connecticut General Assembly

The Honorable Lawrence F. Cafero Jr.
House Minority Leader
Connecticut General Assembly

The Honorable Donald E. Williams, Jr.
President Pro Tempore
Connecticut General Assembly

The Honorable John McKinney
Senate Minority Leader
Connecticut General Assembly

This report fulfills the statutory responsibility of the Office of Policy and Management to report on the Purchase of Service contracting activity of State agencies pursuant to C.G.S. § 4-70b(c).

The statute generally provides that the Secretary of the Office of Policy and Management shall submit a report annually to the General Assembly summarizing information regarding Purchase of Service contracts for the preceding fiscal year.

This report seeks to provide information to state legislators, policymakers, and the public about state agencies' Purchase of Service activity for fiscal year 2009.

We welcome your questions and comments.

Robert L. Genuario
Secretary
Office of Policy and Management

INTRODUCTION

Purpose

This document summarizes information regarding Purchase of Service (POS) contracts of State agencies for fiscal year 2009.

Background

A. A POS contract is an agreement between a state agency and an organization for the purchase of direct human services to clients. The contract generally is not used for the sole purpose of purchasing administrative or clerical services, material goods, training and consulting services. POS contracts are used to contract with partnerships as well as a corporation but cannot be used to contract with individuals.

Using the Office of Policy and Management (OPM) contract template, an agency may enter into a POS contract for a single year or for multiple years. It may be either a competitive or non-competitive contract. The contractor may be a non-profit, proprietary or governmental entity. A single contract may cover a number of services and be amended for a variety of reasons during its term.

There are six major human service agencies in the current POS system; Department of Children and Families, Department of Correction, Department of Developmental Services, Department of Mental Health and Addiction Services, Department of Public Health, Department of Social Services. In any given year these agencies purchase, through more than a thousand contractual agreements, a variety of community-based and institutional human services.

B. Statutes: POS

C.G.S. 4-70b requires the Secretary of the Office of Policy and Management to “establish uniform policies and procedures for obtaining, managing and evaluating the quality and cost effectiveness of human services purchased from private providers”. Further the Secretary is required to “ensure all state agencies which purchase human services comply with such policies and procedures” and to report annually to the General Assembly on the status of the POS system.

C.G.S. 4-230 to 4-236 requires nonprofit organizations that receive more than \$100,000 in combined state and federal funds in any fiscal year to submit to a uniform audit within six months of the close of the contract. The Office of Policy and Management administers the State Single Audit for municipalities and non-profit entities. Additionally, the Secretary of OPM is required to “adopt regulations establishing uniform standards which prescribe the cost accounting principles to be used in the administration of state financial assistance by the recipients of such assistance”.

An Attorney General’s opinion dated November 9, 2005 stated that there is no legal distinction between a POS contract and a Personal Service Agreement (PSA). It also stated that the statutes that apply to PSAs, CGS 4-212 et seq., also apply to POS contracts. Subsequent to this opinion, OPM implemented a POS request system that requires agencies to submit requests to OPM prior to entering into POS contracts. Also, OPM is currently reviewing the competitive procurement process of state agencies for POS contracts.

C. Recent POS Activity

More than a decade since its inception, the POS project continues to build upon past standardization efforts. Examples of recent efforts include Procurement Standards and a standard Request for Proposal (RFP) process for POS contracting.

Procurement Standards

In February 2009 OPM released a new OPM policy manual, entitled “*Procurement Standards: For Personal Service Agreements and Purchase of Service Contracts.*” This manual, available on the OPM’s website [http://www.ct.gov/opm/fin/procurement_standards], supplants the earlier 2005 manual, entitled “*Personal Service Agreements: Standards and Procedures.*” The new manual addresses the requirements that State agencies must follow when entering into a Personal Service Agreement (PSA) or Purchase of Service (POS) contract.

Of particular note is the requirement that a state agency wishing to purchase health and human services from a private provider must abide by new standards for competitive procurement. The POS-specific portions of the manual are the latest in the continuing effort to establish uniform policies and procedures for the purchase of human services from private providers.

Standard RFP

In general terms, a “competitive procurement” is the purchase or acquisition of services by a State agency through an open and fair process, where all responsible sources have an equal opportunity to pursue, and possibly win, a contract to provide the agency with the desired services. The term “competitive procurement” refers to a specific type of acquisition method – namely, one involving a solicitation document called a *Request For Proposals* (RFP).

Using an RFP, a State agency publicly communicates (to the market) information about what the agency wishes to procure. Interested parties submit written proposals in response to the agency’s solicitation. The submitted proposals are evaluated and rated according to an agency’s predetermined criteria. The agency selects the proposal that best meets the interests of the State and offers the selected proposer an opportunity to negotiate a contract. The resulting contract must not differ substantially from the agency’s original requirements, as presented in the RFP.

The competitive procurement process is designed to foster an impartial and comprehensive evaluation of multiple proposals, leading to the selection of the most responsible proposer who can provide the best value to the State. This procurement method also eliminates improprieties, favoritism, and unethical practices – *or the appearance of such* – in the State’s contracting processes. No RFP shall specify or contain any feature that discriminates, either directly or indirectly, against any prospective proposer.

Scope and Methodology

This report describes the contracting activities of executive branch agencies with respect to Purchase of Service contracts for FY2009. Activities of the legislative and judicial branches of state government are excluded from this discussion.

The data represented in this report is captured from Core-CT, the statewide financial system. Agencies are required to enter POS contracts into the procurement contracts module within Core-CT. The data presented in this report is only as accurate as the data entered into Core-CT by State agencies. Core-CT Structured Query Reports (SQR) are utilized to extract the contract data for this report.

OPM summarizes the information obtained from Core-CT and submits an annual report to the General Assembly. The data in this report represents POS contracts that were in effect during FY2009. POS contracts can range from a few months to several years in duration. Accordingly, the total dollar amount of a POS contract may represent several years of activity. Also, many POS contracts overlap during a fiscal year. For example, if a POS contract ends December 31st and a new contract starts with the same provider on January 1st, then two contracts (and two contract amounts) would be included in this report. Due to these factors, this report represents several years of POS contracting activity, not just annual activity.

The total numbers of contracts and total contract amounts have increased substantially in FY2009 over FY2008. This is due in large part to increased funding at the Children’s Trust Fund and the increased face value of contracts that are for three years in duration (FY2009 through FY2011).

The payment amounts presented in this report are payments made by State agencies to Purchase of Service contractors during FY2009. Please note that annual payment amounts are substantially less than the total contract amounts. This is due to the fact that the annual contract amounts represent more than one year of contracting activity while the payment amounts represent activity for one year. For this reason, the annual payment amounts are a better gauge of annual contracting activity.

Inquiries

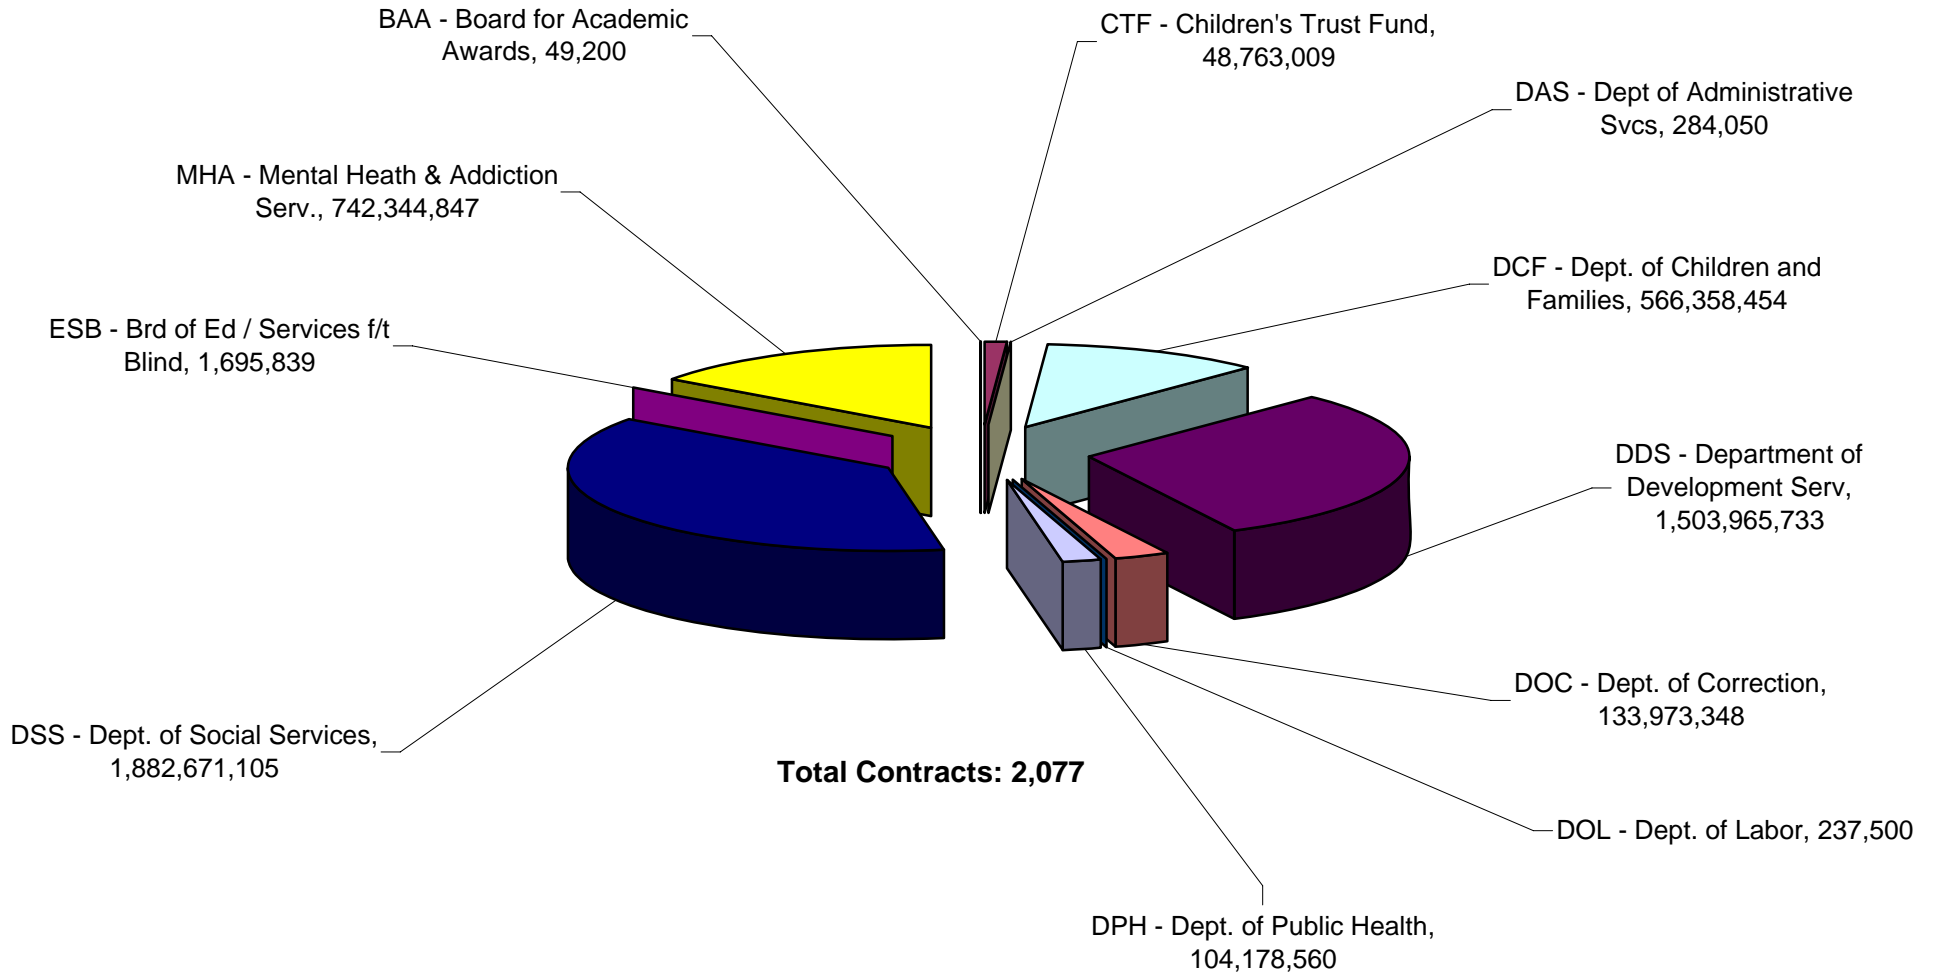

For further information concerning the detailed contract data included in this report, contact the contracting state agency as follows:

Children’s Trust Fund	Karen Foley-Schain	418-8765
