Session 1: Maximizing the Impact of your CT Core Standards - Trained Coaches

Audience: K-12 Principals and School Leaders

Date: August 27, 2014 1:00- 2:00 pm

CSDE will host a series of webinars for principals this year. The first in the series will discuss how to maximize the impact of Connecticut Core Standards Coaches. Since January of 2014, 1000 instructional leaders have participated in the **Systems of Professional Learning**. During the webinar you will hear from Ellen Cohn and Dianna Roberge-Wentzell from CSDE and Sharon DeCarlo and Mary Ellen Hannon from our partners at Public Consulting Group who are working directly with the coaches. They will discuss:

- An overview of what coaches have learned through the first three modules,
- The topics that will focus the work in modules four and five this fall,
- Tools and resources available to coaches for use with teachers,
- Needs for support identified by the coaches, and
- How principals can best use coaches for capacity building in their school

This will be an interactive session where you can gain information about the project, ask questions, and share experiences. To register for the session, please follow the instructions below.
