PART I: 2014-15 APPLICATION OVERVIEW

1. Application Overview

In response to feedback from districts and in an effort to streamline and align district strategic planning processes, the Connecticut State Department of Education (CSDE) is pleased to provide a consolidated grant application for 2014-15 for Alliance and Priority School Districts (PSDs). The purpose of the consolidated application is to centralize district reform priorities in one overarching plan, as supported and enabled by Alliance and PSD funding. To that end, the application is designed to ease reporting requirements and, more importantly, generate one unifying plan to lead district transformation and school improvement efforts.

2. Alliance District Program Overview

The Alliance District program is a unique and targeted investment in Connecticut's 30 lowest-performing districts. C.G.S. § 10-262u established a process for identifying Alliance Districts and allocating increased Education Cost Sharing (ECS) funding to support district strategies to dramatically increase student outcomes and close achievement gaps by pursuing bold and innovative reforms. In total, Alliance Districts serve over 200,000 students in more than 400 schools.

Pursuant to C.G.S. § 262u, each Alliance District's receipt of its designated ECS funding is conditioned upon district submission and the Commissioner of Education's approval of a plan, district progress and performance relative to that plan, and subsequent annual amendments, in the context of the district's overall strategy to improve academic achievement. The CSDE reviews district plans on an annual basis and approves plans aligned to the goals of the program. Annual plan approval is predicated upon district implementation and performance during the prior year. Proposals for the use of Alliance District funding will be reviewed for the quality of the overall plan, as well as the degree of alignment between the proposed use of funds and the overall district strategy.

3. Priority School District Overview

The PSD grant was established to provide support for school districts with the greatest academic need. During the 2014-15 school year, 14 Alliance Districts also qualify as PSDs, such designation provides for additional funding and also imposes additional responsibilities. As outlined in C.G.S. § 10-266q, the PSD grant provides funds to support districts in the pursuit of all or some of the following eight approved reform areas:

1. Create or expand innovative programs related to dropout prevention.
2. Establish alternative and transitional programs for students having difficulty succeeding in traditional educational programs.
3. Create academic enrichment, tutorial and recreation programs or activities in school buildings during non-school hours and during the summer.
4. Develop or expand extended-day kindergarten programs.
5. Develop or expand early reading intervention programs which include summer and after-school programming.
6. Enhance of the use of technology to support instruction or to improve parent and teacher communication.

7. Strengthen parent involvement in the education of children, and parent and other community involvement in school and school district programs, activities and educational policies.
8. Obtain accreditation for elementary and middle schools from the New England Association of Schools and Colleges.

PSDs must use at least 20 percent of the grant funding to support early reading interventions.

4. 2014-15 List of Alliance and Priority School Districts

The following 30 districts are entering their third year in the Alliance District program. During 2014-15, 14 of these districts also qualify as PSDs and are identified with an asterisk (*).

7. Year 3 Reform Priorities

The CSDE’s turnaround framework identifies four research-based levers to dramatically improve district and school performance and student achievement. School and district success requires strong systems and performance in each of the following four areas shown in the framework at right:

1. **Talent:** Employ systems and strategies to recruit, hire, develop, evaluate, and retain excellent school leaders, teachers, and support staff.
2. **Academics:** Design and implement a rigorous and engaging academic program that allows all students to achieve at high levels, including aligned curricula, instruction, and assessments.
3. **Culture and Climate:** Foster a positive learning environment that supports high-quality teaching and learning, and engages families and the community as partners in the educational process.
4. **Operations:** Create systems and processes that promote organizational efficiency and effectiveness, including through the use of time and financial resources.

The Alliance and PSD grants allow for investments in each of these critical areas. Districts are encouraged to pursue reforms that align to district-specific needs and long-term strategic plans in these areas. Additionally, the CSDE has prioritized and will ask all districts to include comprehensive strategies in the following areas:

- Educator evaluation and support systems;
- Transition to the Common Core State Standards (CCSS) and next-generation assessments;
- Kindergarten through Grade 3 (K-3) literacy; and
- Interventions in low-performing schools.

8. Quarterly Monitoring Process

District and CSDE leadership share a commitment to continuously monitoring progress and performance, promoting implementation effectiveness and results. During Year 3, the CSDE will continue a quarterly monitoring process initiated in Year 2. On a quarterly basis, districts will submit a three-part implementation tracker to the CSDE, consisting of:

1. **Data Dashboard:** District aggregate data and data for low-performing schools, including leading and lagging performance indicators;
2. **Quarterly Implementation Trackers:** Progress updates on the district’s Alliance and PSD reform initiatives as aligned to quarterly implementation milestones outlined in the consolidated application; and
3. **ED 114 Financial Information:** Quarterly updates on year-to-date spending as aligned to the approved district reform priorities and budgets.

After submitting quarterly self-reflections, district leaders meet with CSDE staff to discuss progress, troubleshoot barriers and challenges, and identify necessary supports and next steps. This quarterly monitoring process is designed to satisfy the annual evaluation requirements as stipulated for PSDs in state statute.

Please note that the Commissioner may withhold funds if the local or regional board of education fails to comply with the provisions of C.G.S. § 10-262u. The Commissioner may renew funding if the local or regional board provides evidence that the district is achieving the objectives and performance targets as stated in the plan and communicated by the CSDE. The Commissioner may require changes in any plan before he approves an application.

6. School Turnaround Strategy

Instructions: Your district will receive a prepopulated chart (similar to the chart shown below), listing the district’s Turnaround, Focus, and Review schools. Districts must work in collaboration with school communities to dramatically improve student achievement in these schools. Alliance Districts must invest Alliance and/or PSD (if applicable) funds to support school turnaround efforts. Using the chart provided, describe how the district plans to intervene in its Turnaround, Focus, and Review schools and pursue resources on behalf of such schools. By placing an “X” beside a competitive grant, the district expresses its intent to apply for that grant on behalf of the school. The CSDE will award funds competitively based on the quality of each district’s submissions and the grant specifications. Please note that when awarding 1003(a) and High School Redesign funds, the CSDE will give preference to schools not receiving Commissioner’s Network funding or School Improvement Grants during 2014-15. 1003(a) funds are established by Section 1003(a) of Title I of the Elementary and Secondary Education Act of 1965. Comprehensive Turnaround and Focus high schools may submit applications for both 1003(a) and High School Redesign.

Competitive school-level grants, such as the School Improvement Grant, 1003(a), and High School Redesign are not included in this consolidated application and require separate school-level applications, which can be accessed at: <http://www.ct.gov/sde/AllianceDistricts>. Districts are strongly encouraged to submit grants on behalf of only those schools that present strong and transformative plans.

In 2013, districts submitted school improvement plans for at least half of their Review schools. No later than April 11, 2014, districts must submit plans for their remaining Review schools and any newly-identified Focus or Review schools, using the template at: <http://www.ct.gov/sde/AllianceDistricts>.

 - Indication as to whether the investment supports a new or expanded reform initiative.
3. **Investments in Low-Performing Schools:** All Alliance Districts with Turnaround, Review, and Focus schools must outline investments in each of the district's low-performing schools. Using Tab #6, itemize investments in each of the district's Turnaround, Review, and Focus schools. Please ensure that the district is using Alliance and/or PSD funds to properly resource reform efforts in the district's lowest-performing schools. If the investment/position will be divided across low-performing schools, please explain the allocation across schools in the cost and FTE columns.
4. **Budget for Alliance District Funding for Other Purposes:** In the event that your budget proposes using Alliance District funds for purposes other than new or expanded reforms, summarize such investments in the final tab. Provide detailed budget information for proposed non-reform expenditures. Separate expenditures by the ED 114 cost categories.

8. Stakeholder Engagement

D. PSD Summer School Grant

Purpose of the Grant:

C.G.S. § 10-265m establishes grants for summer school programs in PSDs. C.G.S. §§ 10-265g and 10-265l, relating to summer reading programs and student promotion, require PSDs to:

- Offer a summer reading program to children enrolled in kindergarten who are determined by their school to be substantially deficient in reading; Evaluate students in Grades 1 through 3 in October, January and May using an approved assessment. For each student who is determined to be substantially deficient in reading on the January or May assessment, the district must notify the student's parent or guardian of the assessment results and the school must develop a personal reading plan for the student;
- Develop personal reading plans that shall include additional instruction, within available appropriations, such as tutoring, an after-school program, school vacation, weekend program or summer program, as described in Section 10-265f of the C.G.S. Personal reading plans must be reviewed and revised as appropriate and shall be monitored by school literacy teams. Each evaluation or statewide examination must be discussed with the provider of additional instruction and given to the student's parent or guardian with recommendations for reading strategies that can be used at home. For the purposes of providing additional instruction, preference must be given first to elementary schools and then to middle schools with the highest number of students who are substantially deficient in reading;
- Promote students with personal reading plans from Grades 1-3, based on documented progress in achieving the goals of the personal reading plan or demonstrated reading proficiency. If a decision is made to promote a student who is substantially deficient in reading, the school principal shall provide written justification for such promotion to the superintendent of schools. A personal reading plan, that incorporates competencies required for early reading success and effective reading instruction, must be maintained for a student who is substantially deficient in reading until the student achieves a satisfactory grade level proficiency, as determined by a reading evaluation or statewide examination;
- Require students in Grades 1-3 who are determined to be substantially deficient in reading based on the May administration of the another approved assessment to attend summer school. The superintendent of schools may exempt an individual student from such requirement, upon the recommendation of the school principal, based on the student's progress with the personal reading plan. If a student does not receive such an exemption and has been offered the opportunity to attend summer school and fails to attend, the PSD shall not promote the student to the next grade;
- Submit to the CSDE approved assessment data two times per year for all students using an electronic reporting system provided by CSDE to monitor student progress;
- Submit to the CSDE the number of students who are substantially deficient in reading and are promoted from first, second or third grade to the next grade. The CSDE will prepare and publish this report annually;
- Require within available appropriations the development and implementation of personal reading plans for each student who scores below basic level on the Grades 3-5 CMT, unless the principal determines that such additional instruction is not necessary based on the recommendation of the student's teacher; and
- May require, within available appropriations, students in Grades 4 through 6 who fail to make progress with additional instruction provided in their personal reading plans, to attend summer school. The superintendent of schools may exempt an individual student from such requirement upon the recommendation of the school principal.

Program Design Questions:

Each applicant must include a project plan outlining the design and implementation of the district's summer school program which shall include, but not be limited to, an explanation of goals, objectives, evaluation strategies, and budget identifying local funding and other resource contributions.

The project plan shall include:

- Criteria for student participation in the program, including provisions for priority for students who are determined to be substantially deficient in reading.
- Criteria for teacher selection that emphasize the skills needed for teaching the summer program and criteria for establishment of the curriculum for the summer program.
- A system for reporting, by school and grade, on the number of students who attend the program and for assessing the performance of such students in the program and for tracking their performance during the school year.

1. **Criteria for student participation** (including provisions for priority students who are determined to be substantially deficient in reading)

2. **Criteria for teacher selection** (emphasizing the instructional skills needed for summer school)

3. **Criteria for establishing the curricula for the summer program**

Program Evaluation:

Please provide projections for the coming school year. Districts must serve all students in Grades 1-3 who are determined to be substantially deficient on the approved assessment. Districts are strongly encouraged to consider targeting this work in Turnaround, Focus, and Review schools.
