Lunenburg, Mass. ✓ Jap. chest.

Clayton C. Stone.

Letter 10/23/28. Sent a few chest. seed
of a Japanese variety from a tree 20 or
more years old. (Not received). Tree immune
from blight, since trees but a few rods
from it are all dead. Rather dwarfish
habit. This season's crop 10 to 12 lbs.

10/26/28 Five nuts rec'd. from above tree. Too dry for
planting. Filed as botanical specimens.
