ENGINEERING BULLETIN

SUPERSEDED

Division Chief, Bridges

by EB-2018-2

Availability and Use of Bridge Load Rating Manual

The Department's "Bridge Load Rating Manual" has been published and shall be used for all Department activities and actions involving the determination of load-carrying capacity of existing bridges and structures (e.g., weight restrictions/posting, oversize/overweight vehicle permits, evaluating remedial action).

This bulletin supersedes and extinguishes [Consulting Engineers General Memorandum 12-01](#).

The [Bridge Load Rating Manual](#) is available on the [Department's Engineering and Construction Information Resources](#) web page.
