Change in Cutoff Time for Submitting Pre-Bid Questions through Web Page

A change has been made to the cutoff time for submitting questions to the Department through the [Pre-Bid Questions and Answers web page](#). For a typical contract, with a 2:00 pm Wednesday bid opening, the ability to submit questions through the web page now ends at **9:00 am Monday**. [This is 15 hours earlier than the previous cutoff time.]

The cutoff time for the Department to post responses remains the same, at noon the day before the bid opening (Tuesday for a typical bid opening).

The [Guidelines, Advertising-Phase Activities](#) have been updated to reflect this change.
