

CONSULTING ENGINEERS  
GENERAL MEMORANDUM 12-04

STATE OF CONNECTICUT  
DEPARTMENT OF TRANSPORTATION  
BUREAU OF ENGINEERING AND  
CONSTRUCTION  
OFFICE OF ENGINEERING

Supplemental Specifications to the  
Standard Specifications – Form 816

August 1, 2012

TO: CONSULTING ENGINEERS

The July 2012 Supplemental Specifications to the Standard Specifications for Roads, Bridges and Incidental Construction, Form 816, have been issued and are available on the Department's website. All projects for which final plan submissions are scheduled after September 12, 2012 are required to incorporate the new supplemental specifications.

Significant changes in each section are summarized below:

SECTION 1.05 – CONTROL OF THE WORK

This revision to the current language is being made to better align with Connecticut and United States Department of Labor requirements.

SECTION 1.08 – PROSECUTION AND PROGRESS

The change to this section defines the Commissioner as the authority to accept the work and certify that the non-administrative Project work is satisfactorily completed.

SECTION M.16 – TRAFFIC CONTROL SIGNALS

This revision to the current language has been made to include the requirements for High Strength Span Wire.

Very truly yours,

  
Timothy M. Wilson, P.E.  
Manager of Highway Design  
Bureau of Engineering and Construction
