

CONSULTING ENGINEERS  
GENERAL MEMORANDUM 06-03

STATE OF CONNECTICUT  
DEPARTMENT OF TRANSPORTATION  
BUREAU OF ENGINEERING AND  
HIGHWAY OPERATIONS  
OFFICE OF ENGINEERING

Supplemental Specifications to the  
Standard Specifications – Form 816

August 29, 2006

To: CONSULTING ENGINEERS

The July 2006 Supplemental Specifications to the Standard Specifications for Roads, Bridges and Incidental Construction, Form 816, have been issued and are available on the Department's web site. All projects for which final plan submissions are scheduled after October 1, 2006 are required to incorporate the new supplemental specifications.

Significant changes are summarized below:

- Supplemental Specification 101 updates the list of permissible abbreviations to reflect changes that are primarily related to facilities construction.
- Supplemental Specification 120 incorporates the new CSI specification format and language. The new State building and fire codes are also attached.
- Supplemental Specification 401 incorporates temperature limitations for Portland cement concrete at the time of the delivery.
- Supplemental Specification 601 also incorporates temperature limitations for Portland cement concrete at the time of delivery.

Very truly yours,

Thomas A. Harley, P.E.  
Manager of Consultant Design  
Bureau of Engineering and  
Highway Operations
