

WELDER CERTIFICATION PROGRAM FORM

Rev. 4-19

REQUIREMENTS:

Listed below are the requirements necessary to obtain, renew, or update a Welder Certification Card from the Connecticut Department of Transportation (ConnDOT):

- 1. New applicants must receive a Welder Qualification Test from an approved Testing Agency listed on page 2. ConnDOT also reserves the right to require a Welder Qualification Test at any time. A digital photo must be submitted with the new application.
- 2. The Welder Certification card must be carried and shown to ConnDOT Staff whenever welding is performed on ConnDOT Projects and is prohibited to be used as certification for other business.
- 3. The Welder Certification card shall remain the property of ConnDOT and as such, reserves the right to revoke any Welder Certification card at any time.
- 4. The Welder Certification must be updated by emailing this form to DOT.Steel@ct.gov every six months after the date of issue or six months from the date of the last valid update. A Welder must be performing welding on ConnDOT projects to be updated. Failure to update or renew within the six-month timeframe, will require a new Welder Qualification Test.
