**APPLICATION FOR APPROVAL OF SPEED LIMITS**

**Date:** \_\_\_\_\_

In accordance with the provisions of Section 14-218a of the General Statutes, the Local Traffic Authority of \_\_\_\_\_ does hereby make application for approval of the following speed limits:

List in alphabetical order. All roads must be a minimum 500 feet in length and must be approved/accepted town roads. Gravel, dirt, or other unimproved roads will not be considered. Speed limits less than 25 mph are generally considered to be unrealistically low for public roads unless there are severe geometric conditions or unique roadway/roadside characteristics warranting consideration of a lower limit. Consequently, requests for speed limits lower than 25 mph must be accompanied by a detailed explanation of the special condition(s) that exist on the roadway and warrant consideration of a lower limit.

Signing will be erected as directed by the Office of the State Traffic Administration and in conformance with Regulations of the Office of the State Traffic Administration. The requested speed limits are derived by a thorough analysis of the width and gradient of the road, the roadside development, sight restrictions, and the prevailing speed of vehicles using the street.
