135	Stamford								
136	Sterling	none							
137	Stonington								
138	Stratford								

		No RRFB's of current design in Suffield. (We do however have one crosswalk (State Rt. 513, known locally as Bridge St.) located approximately .1 miles East of its intersection with Route 75 that has 2 pedestrian crosswalk signs with LED's around its border that are supposed to be controlled by pedestrian activated push-buttons. I'm not sure if they were ever permitted or meet your criteria. Submitted for your review.
