

“A COMMON ROAD”

Treat Motorcyclists
and Other Highway
Users with Respect

“Seeing” the Motorcyclist

- Motorist and the motorcyclist
- Car and motorcycle are very different
- Common hazards motorists create
 - Ways drivers can avoid them
 - Why a motorcyclist makes certain maneuvers

**See me.
It could save me.**

msf-usa.org

Please look out for motorcyclists

How do you perceive motorcyclists?

- The person next door

- Just like the movies

- Motorcyclists are different

Why is it so important to give Motorcyclists room on the roadway?

Your car can kill.

Please look out for motorcyclists

msf-usa.org

- Riders are exposed
- Riders need more road
- Riders Maneuver to avoid danger
- Riders are entitled to the entire lane

Why should you look more carefully for motorcycles?

- Failure to detect and recognize motorcycles
- Predominant cause of crashes
- Don't expect to see
- Aren't looking for a motorcycle

If motorcyclists are so hard to see, why don't they make themselves more visible?

- Motorcycles headlights on
- Brightly colored Helmets and Clothing
- Retro-reflective
- Comfort

Please look out for motorcyclists
